ITA - Italian Trade Agency is the government agency officially tasked with supporting the international business development of Italian companies and promoting the attraction of foreign investment to Italy.

With a motivated and modern organization of offices in 70 countries around the world, ITA provides information, assistance, consulting, and training to Italian small and medium-sized businesses in addition to using the most modern multi-channel promotion and communication tools to assert the excellence of 'Made in Italy' globally.

It is directly involved in promoting and fostering exports and cooperation in all areas - industry (consumer and capital goods), agricultural technology and agri-food, services, and training. The ITA works closely with the Italian Regions, the Italian Chambers of Commerce, business organizations and other public and private entities. Its headquarters is in Rome and its network of offices around the world act as "Trade Promotion Sections" of the Italian Embassies or Consulates.

The Italian MARMOMACCHINE Association - briefly, CONFINDUSTRIA MARMOMACCHINE - is the Italian Association of Producers and Processors of Marbles, Granites and Natural Stones in general, and of Manufacturers of Machinery, Complete Plants, Tools and Complementary Products to quarry and processing Natural Stones.

The more than 350 companies and territorial consortia belonging to CONFINDUSTRIA MARMOMACCHINE, located in all the major Italian production districts, guarantee the association broad representation, in Italy and worldwide, as well as a role as sole sector interlocutor with ministries, ITA-Italian Trade Agency, Confindustria, standardization boards like UNI and CEN, labor unions, universities and polytechnics, Italian and foreign federations and associations, Tradefairs in Italy and around the world.

The association has always engaged in intense technical job training in Italy and abroad, organizing, managing and creating highly specialized educational programs and technological centers in various parts of the world, with the involvement of local governments, institutions and associations.
