ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy.

With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses. Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

UCIMA (Italian Packaging Machinery Manufacturers' Association) is the national trade association which represents and supports the Italian packing and packaging machinery manufacturers. It has more than 160 member companies from all over Italy, including the industry's primary leaders and works in close cooperation with AMAPLAST (Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers' Association), strengthening the offer of Italian technologies for the international investors.

UCIMA Member companies cover the entire range of packaging machinery production, from food, confectionary, and tobacco industries to pharmaceuticals, chemicals, petrochemicals, cosmetics, and end-of-line technologies. These companies contribute to making Italy one of the world leaders in packaging machinery, with a global market share of 22.5%, with the United States, France and China being the top export markets.

## ITALIAN PACKAGING MACHINERY MARKET

Italy is undeniably a world leader of packaging technologies and a hub for innovation.

When you buy Italian equipment you're entering into a partnership with the **world's most highly skilled engineers**, offering **advanced technologies**, **flexible** and **customized solutions**, and **rapid after-sales support**.

Visit the Italian Packaging Pavilion and explore how Italy can help you move your business forward.
